## FIRST

print the artwork onto iron-on t-shirt transfer paper.

we found Avery T-Shirt Transfers worked especially well.

## SECOND

follow the directions that come with the paper for transferring the artwork.

recycling an existing t-shirt makes it that much better.

## THIRD

WEAR IT.

TALK ABOUT IT.

choose from one of two designs.

better yet, why not double-up the effort?  
iron one message on the front and the other on the back.
